

WILLUNGA 100

Our Story

Willunga 100 has been a pioneer in unoaked, single vineyard Grenache in Blewitt Springs McLaren Vale for the last 18 years. With cooler temperatures and moderating afternoon sea breezes, the grapes grown here enjoy a long and even ripening season.

The Single Vineyard Range is sourced from each of our three vineyard sites from the McLaren Vale subregions of Blewitt Springs and Clarendon, using the most site-expressive fruit from that years vintage.

Our Estate Range showcases the best of the McLaren Vale region and our own Blind Spot Vineyard in Blewitt Springs.

Before our first vintage in 2005, we explored the region and came across plots of 50-year-old Grenache vines. At the time, most Grenache was destined for blending. We decided this had to change, so we made these vines our focus and gave them the attention they deserved.

Grenache's versatility has secured its place as one of the world's great wine grapes. From its Spanish roots to its prominence in French blends and its growing popularity in Australia, Grenache continues to enchant wine lovers with its diverse expressions.
